## The Certified Pool / Spa Operators Course of the National Swimming Pool Foundation

**OLYMPIC  
POOLS**  
OLYPOOLS.COM

This course fulfills the mandatory  
Minnesota State Health  
Department's requirement for pool  
and spa operator certification.

Certification is valid for five years

**[www.olympools.com](http://www.olympools.com)**

# The National Swimming Pool Foundation's CPO Course

This comprehensive two day Certified Pool Operators Course provides Public and Semi Public Pool Spa Operators with the skill and knowledge necessary to properly manage a pool or spa. Per Minnesota State Law, Chapter 4717.0650 Item F; "a trained operators Certificate must be posted at your facility whenever your pool is open for use." All operators must be re-certified every five years.

- 8 AM to 5 PM both days.
- All classes include lunch.
- For new classes or to get a registration form go to [www.olympools.com](http://www.olympools.com).
- Call 952-224-2200 ext (3) for questions.

A few of the comments from our students feedback forms....

*"A lot of material was covered. This was my third time through the course and I still learned some new things. Instructor was very knowledgeable."*

*"Kept pace. Very knowledgeable and was able to say – this is code, this is national, and this is what really occurs."*

*"The instructor took a lot of time getting the class to understand everything. What the class didn't know, Eric went over again."*

*"Easy to follow handbook, conversion tables and reference book."*

Each student will receive the NSPF's Pool/Spa Operators Handbook and a copy of the Minnesota Department of Health's Public Pool Rules. Students must provide a photo ID prior to taking the exam and should bring a calculator because some mathematical calculations are necessary during the open book test.

Our instructor, Eric has over 25 years experience servicing pools and spas.

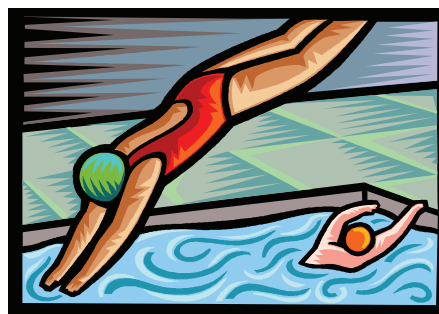

## Olympic Pools

Our instructor combines his National Swimming Pool Foundation certification with years of field service experience to provide the highest level of training for you and your operators

Organizations prefer our CPO training because of the vast field experience of the instructor. We provide the training necessary so that pool and spa operators understand water chemistry and how their systems interact.

Olympic Pools has been designing, renovating, building and servicing commercial pools and spas since 1983.

Our employees have over 100 years of experience in the pool industry.
